***Product Condition Grades** - Air Shelters USA, LLC grades each product based on a three-tier criteria: Grade A, Grade B and Grade C. All products, regardless of grade, are fully operational and must pass a baseline inflation and pressure test prior to shipment. Customers may request detailed photos.

- Grade A: Product is deemed "Like New" with minimal to no wear. There are no holes, tears or rips in fabrics greater than the size of a credit card. Minor scuffs and stains may be present. All zippers, velcro, tie-backs and attached items are fully functional.
- Grade B: Product is deemed "Low Use" with light wear. Minor holes, tears, rips and scuffs smaller than the size of a credit card are to be expected. Some fabric patching may be visible. All zippers, velcro, tie-backs and attached items are functional.
- Grade C: Product is deemed "High Use" with heavy wear. Minor holes, tears, rips and scuffs smaller than the size of a credit card will be present. Fabric patching may be visible. Most zippers, velcro, tie-backs and attached items are functional, but deficiencies may be present.

Terms and Conditions
